

the "Brain Man"

JOHN JOSEPH MIND YOUR BRAIN

Mind Your Brain; Train the Trainer 23rd, 24th and 25th August, 2010 Merimbula RSL Club

Every year, up to 15,000 students from pre-school to senior secondary level enrol in the Mind Your Brain Student Workshops. Now, you too can develop the knowledge and expertise to facilitate your own neuroscience for kids' program at your school. In this 3-day workshop you will learn how to use John Joseph's remarkable PowerPoint slide presentation and resources. *

Developed and tested with over 140,000 students across 23 countries, *Mind Your Brain; A Journey into the Mechanics of Learning, Emotions and Brain Care for Young Minds* provides the essential ingredients for developing a fully integrated thematic approach to learning about learning. The Program's intention is to advance pupils' understanding of the brain and provide rich learning experiences coupled with practical, user-friendly resources. This 3-day workshop with 312 page teacher workbook addresses:

- Section 1: Anatomy of the Brain – neuroscience for beginners
- Section 2: Neurons - tiny cells that learn
- Section 3: Information processing - understanding learning and memory
- Section 4: Learning Styles - assessing talents and strengths
- Section 5: Brain Care and Wellbeing - grow a healthy brain!
- Section 6: The Emotional Rooms – enjoying life's challenges

Participants will dissect a real brain, build models, use PowerPoints, make plans for student lessons, plan an elementary scope and sequence, and bring back to their schools an extensive insight into planning and implementing an entire learning about learning; behaviour; brain care and emotional development program for students and teachers.

The information presented was amazing and John's examples and explanations were clear and easy to understand. A fantastic professional learning opportunity. It is an amazing program that every child will benefit from.

Teacher attending a 3-day Mind Your Brain Train-the-Trainer workshop in Melbourne, November 2007

This 3-day event is aimed at 'High Flyer' teachers. You will be challenged, stimulated and totally absorbed by the possibilities presented. John is facilitating similar programs in international schools across the world.

"What a fantastic workshop! It will definitely help us to help students be happier and more productive at school." Teacher attending a 3-day Mind Your Brain Train-the-Trainer workshop in Melbourne, November 2007

* Note: The site-licenced DVD *Mind Your Brain; A Journey into the Mechanics of Learning, Emotions and Brain Care for Young Minds* will be available for purchase at the 3-day event. It is not included as part of the fee for the conference. This 3-day training is strictly for NON-COMMERCIAL use only.

MIND YOUR BRAIN

A Journey into the Mechanics of Learning, Emotions and Brain Care for Young Minds

Note: This 3-day course is NON-COMMERCIAL in nature. Completion enables you to facilitate brain workshops for students in your school. The Non-Commercial Licence does NOT allow you to run adult training sessions or to use any of John Joseph's PowerPoint slides with an adult audience for any purpose whatsoever.

The Program *Mind Your Brain: A Journey into the Mechanics of Learning, Emotions and Brain Care for Young Minds* will be available for purchase at the conference and afterwards from Mind Webs. The site-licensed product contains over 500 brilliant full colour PowerPoints presented in six Sections for ease of scope and sequence, and is provided on a DVD. Teachers are able to edit and customise most of the PowerPoint slides (with the exception of movies and Flash animations). Extensive teacher notes including background reading, brain-term glossary, lesson plans, black-line masters, objectives and assessment tasks are included in the package. For further information about the Mind Your Brain program log onto: www.focusededucation.com.au and follow the Mind Your Brain prompts.
